WHEREAS, Pentron Ceramics, Inc., a New Jersey corporation ("Assignee"), having its office at 500 Memorial Drive, Somerset, New Jersey, is desirous of acquiring the entire right, title, and interest in and to said Patents; and

WHEREAS, Assignor makes this assignment pursuant to that certain Asset Purchase Agreement, dated as of the date hereof, by and among Assignee and Assignor (the "Purchase Agreement"), under which Assignee is purchasing the Purchased Assets (as defined therein) from Assignor.

NOW, THEREFORE, for good and valuable consideration, the receipt, adequacy and legal sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns and transfers to the Assignee, its successors and assigns, absolutely and forever, the entire right, title and interest in and to the Patents throughout the world and the inventions and designs covered thereby, including the right to claim priority and the right to any continuation, division, or substitute application thereof and the right to any reissue, restoration, extension or reexamination of any patents thereof, the same to be held and enjoyed by the Assignee for its own use and enjoyment, and for the use and enjoyment of its successors, assigns and legal representatives, to the end of the term for which the Patents have been or will be granted, as fully and entirely as the same would have been held and enjoyed by the Assignor if this assignment had not been made; together with all claims by the Assignor for damages by reason of past infringement of the Patents with the right to sue for, and collect the same for its own use and benefit, and for the use and benefit of its successors, assigns and other legal representatives.
